

## The Equinox, Vol. 7

The Equinox, also called The Review of Scientific Illuminism, has become the standard for English language esotericism, aptly termed the Encyclopedia of Initiation by its principal editor and contributor, Aleister Crowley. The remarkable variety, depth, and utility of its contents encompass Qabalah, tarot, yoga, and the essential papers of Crowleys teaching order, A. A. The new edition is supplemented by Crowleys serialized biography along with excerpts from his many diaries, an overview of the Golden Dawn System, a book-length special section of the Qabalistic dictionary Sepher Sephiroth, fiction, poetry, book reviews, and extracts from The Vision and the Voice and The Rites of Eleusis as well as important works by other noted authors such as The Key of the Mysteries by Eliphas Levi. Crowleys extensive annotations from his personal copies have been collected at the end of the set, along with biographies of the contributors.
