

Beyond the River: Ottoman Transjordan in Original Photographs

During the 19th and early 20th century, the rugged, mountainous land through which the River Jordan flows, was a region of untouched beauty and deeply held tribal traditions. Beyond the River gathers over 200 black-and-white photographs of Transjordan from the collections of the Palestine Exploration Fund in London, taken during the dying days of the Ottoman Empire, through the First World War, and the establishment of the Hashemite Emirate of Jordan in 1921 from which the modern Kingdom evolved.
