

Football Fiction: England v Brazil

An interactive fantasy football adventure game in which the reader acts as the star player. Based upon a role-playing concept, the reader is challenged to appear as a substitute midway in an international football match alongside a team consisting of fictional players. They must then seek to score the goals in order to win the story, although depending upon their performance their team may also lose or draw, or they might be injured, substituted and even sent off. Football Fiction places an emphasis on team-work and self-determination, stimulates decision-making, and encourages football fans to enjoy reading. The book contains differing results dependant upon decisions made, and can be re-read time after time after time. Suitable for all football fans aged 8+, and no upper age limit!
