

SPECIAL ANNOUNCEMENT! Dear person harboring serious concerns about whether you will EVER be able to find answers to your OCPD dilemma – solutions that work and practices that cure: With the publication of this one volume on the mysterious and baffling mental illness known as Obsessive Compulsive Personality Disorder (OCPD) – health care practitioners, psychologists, educators, spiritual counselors, and, perhaps most importantly, the average person, NOW, have access to a wholly unique, unparalleled medically-sound, literary resource. A resource, which is, in fact, the world's FIRST academically-supported, professionally-endorsed, exhaustive, non-technical, and user-friendly program of instruction designed to successfully address every aspect of this devastating disorder, and to render it (with one's cooperation and committed determination) powerless in YOUR life! The timely creation of just such a volume as this, is due, in large part, to the especially relevant academic credentials of the author (a business writing major – which emphasizes CLEAR communication), his award-winning writing ability, his real-world qualifications in the OCPD field of study (extensive, first-hand experimentation and observation, spanning a number of years), his plethora of Insight, and his common- and not-so-common-sense Wisdom, not to mention his compassionate humanity heightened by his former care for a dearly beloved OCPD relative! Moreover, the volume's easy-to-understand language (with sophistication, where appropriate), its many discussion point examples, the little-known, or unknown-to-others knowledge acquired from his in-depth research (pouring over scores upon scores of OCPD (and OCD) books, periodicals, magazines, newsletters, web-sites, videos, and audio lectures, along with ongoing contact with experts in the mental health field), the thoroughness of his presentation, and most importantly, his dedication and commitment to providing the very BEST and most up-to-date tools and techniques, methods and practices, rituals and exercises, and 'quick-grasp' tables and listings, personally designed to equip the OCPD person with ALL he or she needs to begin immediately to curtail and, eventually, given persevering and determined effort, to extinguish all life-harming and life-diminishing traits and characteristics forever more! (Also, testifying to the value, integrity, and legitimacy of the author's findings, the psychological component of his Program has been adopted as an adjunct teaching resource at the North Shore/Long Island Health Care System in New York at their OCD/OCPD world-renown treatment center.) Without a doubt, this professionally-designed, expertly researched, enjoyable to read, self-help program harbors the full capacity to bring you ALL the relief you seek. Let it do so for you! Best Mental Health Wishes, the New Frontier Health Research staff. (NOTE: This volume brings together under one cover the author's best-selling books entitled OCPD's Only Hope of Psychological Wellness and When OCPD Meets the Power of God, PLUS new, vitally relevant, supplementary material.) **ADDED BONUS!**: Your purchase of this program entitles you to an entirely **COST-FREE** six-month subscription to one of two of the author's highly welcomed continuing education OCPD newsletters (a \$100.00 value). You may choose either **Vibrant Hope! – Conquering OCPD Tendencies** (dealing primarily with the psychological aspects of OCPD), or **1st Century Healing for Modern Times Today!** (dealing exclusively with the spiritual/religious aspects of OCPD). There is no obligation. Simply email the author at escapinganothersOCPDtyranny@gmail.com and request the edition you would like to receive. (You will be required to provide a 'hidden code' found within the program book to validate your purchase of the book. When you make your request, you will be shown where to obtain this code.) Do avail yourself of one of the two free added resources above. It is our pleasure to serve you.
