

Disaster Survivors Guide: How to Survive the Aftermath of a Disaster

Disaster Survivors Guide provides information for planning and preparing for various kinds of disasters. This book covers the following disaster scenarios: * Nuclear * Biological * Chemical * Hurricanes and Tornadoes * Extreme Cold * Drought * Civil Unrest and Terrorism * Hostile Occupation * and more.... This book is also a guide for real world survival and disaster preparedness, and includes crucial information on the hazards of nuclear, biological, and chemical hazards, instructions on how to prepare an evacuation kit, or Bug Out Bag, missile targeting and fallout predictions, and a checklist for keeping it all together.
