

Survival: The Ultimate Guides to Survive in Dangerous Situations (Alone in the Wild, Enterovirus, Ebola)

BOOK #1: Bug Out Bag: Items you Shouldnt Miss to Put When Preparing Your 72-Hour Disaster Survival Kit Are you prepared for an emergency? Could you make it seventy-two hours away from reliable food, water, shelter and civilization in the midst of a panic? Not many can. And clearly no one can without preparation and forethought. This guidebook is an overview of the essential emergency supplies people need to pack in their bug-out bags in order to survive emergency conditions. BOOK #2: Alone in the Wild: The Ultimate Guide to Wilderness Survival This ebook is the ultimate guide to surviving the unexpected. How best to prepare yourself for the worse that mother nature can throw at you.

Could you survive in the wilderness without all the modern paraphernalia, gadgets and luxuries, with this ebook your chances of surviving the wilderness will increase dramatically. BOOK #3:

Enterovirus: The Preppers Guide to Surviving Enterovirus Stay calm and dont panic for we have come up with simple solutions on how to protect yourself and your children from getting infected from currently ravaging Enterovirus, type D68 which turned out to be heading towards pandemic proportions, mostly attacking children and teenagers of ages 1 to 18 with a history of respiratory problems. BOOK #4:

Ebola: The Ultimate Ebola Survival Guide to Preparing and Surviving the Ebola Outbreak The Ebola virus has been spreading across West Africa and now across other countries killing thousands of people. How can you combat this virus and ensure that you and your loved ones avoid the same fate so many others have faced? The Ebola virus will only continue to get worse as long as we remain uneducated and unprepared for what it can and will bring. BOOK #5:

Ebola Survival Guide: The Ultimate Preppers Guide to Preparing for a Global Ebola Pandemic What do you know about Ebola and how are you

planning on fighting it in case it comes to your neighborhood? This book is made to teach you everything there is to know about Ebola fever, making sure that you don't mistake this serious contagious disease with zombie apocalypse as some of the misinformed bloggers are referring to possible Ebola pandemic. Ebola is a serious illness and has nothing to do with horror movies, so our Ebola Survival Guide is made to realistically present this illness to the wide public teaching you how to survive, prevent infection and protect your family from being infected, using only useful and realistic tips and lessons.

BOOK #6: The SHTF Stockpile: 23 Items That Will Help You Remain Alive When Disaster Knocks on Your Door The events around the globe are becoming increasingly brutal and deadly. Terrorist attacks, outbreaks of fatal diseases, and outright genocide have become almost mundane, boring. The response for much of the general public has been to load up on medication to numb the senses, to just not feel anything. But at the end of the day, that's not true survival, that's putting a bandage on an amputation. BOOK #7: Survival Pantry: The Ultimate Guide to Home Canning, Preserving Food and Water Storage Not many people are prepared for disaster. As a result when a crisis hits, people will be scrambling for the very means to survive. That means the time to prepare is now. This guide book is a quick introduction to basic food preservation and water purification techniques to ensure your pantry shelves are stocked and you are prepared in the event of a disaster.
