

Everything You Do - An Exploration of Self-Empowerment in Recovery from Borderline Personality Disorder

The first smaller eBook designed to pick-up where the Facebook group leaves off. Where the BPDR Facebook group posts images with quotes and leaves it open for group discussion, this eBook takes one of those quotes and explores it in deeper context to the process of recovering from Borderline Personality Disorder. In this eBook, we explore the Existential Paradox and the premise that Everything you do is based on the choices you make. Its not your parent, your past relationships, your job, the economy, the weather, an argument or your age that is to blame. You and only you are responsible for every decision and choice you make. Period. ~ unknown
