

An undisputed classic, *England Under the Stuarts* is an account of England in the years between 1603 and 1714, charting England's progress from a great nation to a great empire. G. M. Trevelyan's masterful narrative explores the major events of this period, which witnessed the upheavals of Civil War, the Restoration and the Glorious Revolution. While never neglecting to examine the conditions of English life, this celebrated historian highlights the liberty and toleration that emerged during these years. Almost a century after its first publication, and now with a new introduction by John Morrill, Trevelyan's thorough survey of the Stuart age remains certain to inform and delight anybody with an interest in this period of English history.

Moving Forward: Six Steps to Forgiving Yourself and Breaking Free from the Past, Managing Voluntary and Non-Profit Organizations: Strategy and Structure (Routledge Revivals), Images of Mothers in Literature for Young Adults (American University Studies), The Spirit of the Upanishads, The Little Office of the Blessed Virgin Mary and Office of the Dead, Tuning Up: A Visit With Eric Kimmel (Meet the Author), Buy a Franchise the right way - How to maximize your success and massively reduce your risk.
