

## A Spirit Walk with Grandfather (The Spirit Walk Series Book 1)

These books are a diary of my experiences in a different time and space. However, it is mainly about the Native American people and their struggle to survive before white men encroached on their world. I was asked by Grandfather to write this story as best I could. I did not research this material before it was written. I did not have an outline. I did not have a chain of events that I had to live up to. This is what happened to me, and these people, when I was there. If the events, ceremonies, or people in this book resemble any present day events, ceremonies, or people, then I hope you enjoyed being there, too.
