

Herbal Hair Care & More

In our society, looking good is important. First impressions really cannot be dismissed. Hair is one of the first things we notice on a person. Hair serves to protect us from heat, cold, and bumps on the head as well as regulates body temperature. Hair is used in a major way to identify us and to enhance our attractiveness. Women who have lost their hair through chemotherapy are keenly aware of the significance of hair. As a woman, stylist, shop owner, licensed cosmetology instructor and cancer survivor, I empathize with these women. The experience caused me to seek remedies for us. The information I have gathered will help with more informed decisions about product content and your needs. Billions of dollars are spent on hair products that claim to make hair healthier. Basic knowledge of hair product terminology will be a positive move and the herbal recipes we have included will lead to healthier hair.
